**USER'S MANUALS V1.01**

# Table of contents

# Introduction

Thank you for using WeTek Play. Before using the product, please read carefully all the useful information provided in this manual. It will help you and will alert you to necessary safety precautions preceding its first usage. This instruction manual will help you to connect and setup your device. Now, you can take total control of your entertainment.

# 1. Important information for the users

## 1.1 Important Safety Information

**READ, FOLLOW AND KEEP THESE INSTRUCTIONS:**

- Do not use this device near water.
- Clean only with a dry cloth.
- Do not block any of the ventilation openings.
- Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves or other devices (including amplifiers) that produce heat.
- Protect the power cord from being walked on or pinched particularly at the plug, receptacles and the point where they exit from the device.
- Only use attachments/accessories included within this package or recommended by the manufacturer.
- Unplug this device during lightning storms or when unused for long periods of time.

This symbol indicates"dangerous voltage" inside the product that presents a risk of electric shock or personal injury.

This symbol indicates important instructions accompanying the product.

# 1.2. Precautions

**PLEASE READ THESE PRECAUTIONS BEFORE OPERATING THIS UNIT:**

## a) Power cord protection

To avoid any malfunctions of the unit, and to protect against electric shock, fire or personal injury, please observe the following.

- Hold the plug firmly when connecting or disconnecting the power cord.

- Keep the power cord away from heating appliances.

- Never put any heavy object on the power cord.

- Do not attempt to repair the power cord in any way.

- Never make or change connections with the power switched on.

## b) Power cord protection

Avoid placing the unit in areas of:

- Direct sunlight or heating radiators

- High temperature (over or high humidity (over 90%)

- Dust as the internal parts may be seriously damaged.

## c) Non-use periods

When the unit is not being used, turn it off. If it is unused for a long period of time, the unit should be unplugged from the power source.

## d) No fingers or other objects inside

- Touching internal parts of this unit is dangerous and may cause serious damage to the unit.

- Do not attempt to disassemble the unit. Do not put any foreign object in this unit.

## e) Keep away from water

Keep the unit away from flower vases, tubs, sinks, etc. If liquids are spilled into the unit, serious damage could occur.

# 4. Connecting

Before you connect your WeTek Play to your TV/monitor or projector please ensure that it is placed on a flat and stable surface. Now that your WeTek is in position, Please refer to the below diagram and the display you want to connect (TV/monitor or projector) user manual for cable installation instructions.

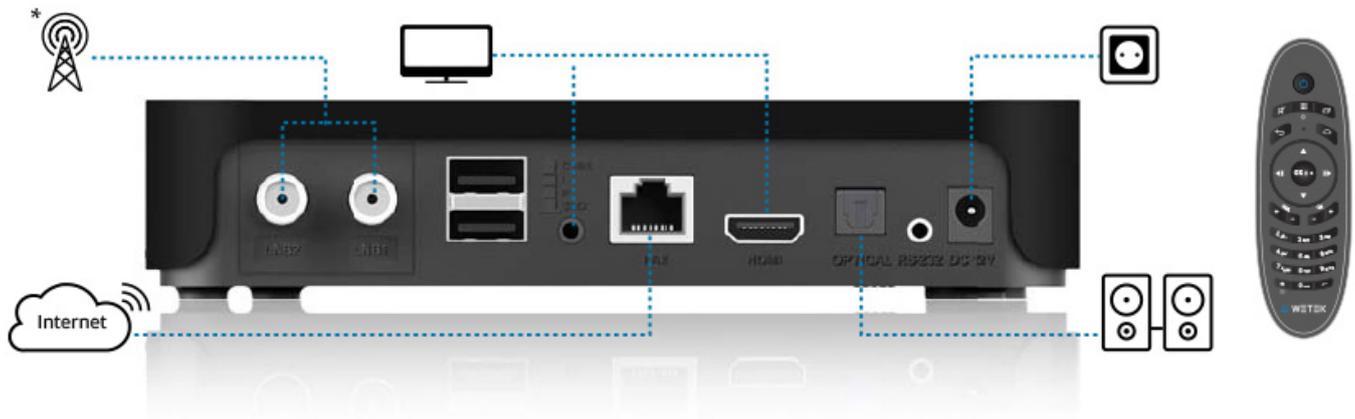

1. Connect WeTek Play to a TV using the HDMI digital output (1a) or the AV output (1b) as an analog alternative.

2. Connect the Ethernet cable to the router or use a wireless access.

3. If you have an external sound system, connect the optical output.

4. Connect the antenna cable.*

5. Connect the power supply to your WeTek.

6. Connect the remote inserting two AAA batteries (not included).

7. Connect the device using the power button and wait for the boot animation. Follow the Wizard to configure your WeTek Play.

   * Only available in some models

# 5. Further assistance

This manual does not end here. WeTek's website (www.wetek.com) has additional information, tutorials, quick guides assistance, screens, forums and more, to help you further improve your user experience.
